A caring and challenging environment
Maths Online

Maths Online is an innovative online tutoring website, designed to assist and help Australian students with their Mathematics. Gunnedah High School will be using this technology to support the mathematical ability of all of the students. This is a comprehensive website which features hundreds of fully animated and narrated maths lessons with over 15,000 exam-style questions to test a student’s mastery of maths.

Maths Online is to be used as a tool, which may enhance a student’s learning of some concepts, and/or practise and revision of these concepts. It also allows a student access to another resource.

Program Features

Some of the features that this program has are as follows;

- Full lessons for each concept with a voice over and numerous examples of varying difficulty. Every lesson has a pause and rewind facility to help students grasp concepts at their own pace.
- Every lesson has an accompanying printable summary and worksheet to consolidate the concept, with full worked solutions provided also.
- A student’s ongoing use and progress in the program is stored for theirs and their teacher’s perusal at any time.
- The program can be accessed from any internet ready site, not just at school.
- The entire Year 7 to 12 programs is available to every student, not just their particular year group or course.

Benefits 4 Students

- Gives student the freedom to study without stress, at home, in their own time, at their own pace.
- Students can catch up on lessons they missed or concepts they have not fully understood.
- Students can gain understanding and confidence especially in areas where they struggled previously.
- Students can complete the worksheets to test their understanding. All of their results are recorded so that their progress can easily be seen.

A caring and challenging environment.
